

# Turf Cutter

**Product Code: TC07**

*The CAMON TC07 Turf Cutter is a self-propelled machine designed for effortless turf removal, ideal for creating a new lawn or preparing the ground for artificial grass. It cuts a 30cm (12") wide strip of turf cleanly and quickly, making it perfect for gardeners and contractors. The gearbox drive system provides consistent power, even in tough conditions. The cutting depth is adjustable from 10mm to 35mm, and the hardened steel blade is reversible for double the life. With a centrifugal clutch, anti-vibration mounts, and minimal belt wear, it offers reliability and ease of use year-round (except in extremely hard ground).*
