

C50i Portable Wood Chipper

Product Code: C50I

The CAMON C50i Portable Wood Chipper is a reliable and powerful machine designed to reduce garden waste, including branches and prunings, into compost and mulch. Simple and safe to operate, it features a gravity-fed design with a steeply angled chute to direct vegetation to the chipping blade. The chippings are discharged via a chute, and an optional collection bag is available for easier disposal. Equipped with puncture-proof wheels and transport handles, the C50i is easy to move. The feed chute can be quickly disconnected for compact storage and transportation.

Engine	Honda GX200
Fuel	Petrol
Fuel Tank Capacity	3.1L
Weight	59kg
Net Power Output	5.5hp / 4.1kW @ 3600rpm
Starting	Recoil
Fuel Consumption	1.7L per hour @ 3600rpm
Dimensions (L x W x H)	68cm x 58cm x 60cm
Collection Bag	Optional
Chipping Capacity	5cm (2")
Chipping Blades	1
