

# SG30 Stump Grinder

Product Code: CSG30

The CAMON SG30 Stump Grinder is a compact, efficient, and safe machine designed to easily remove tree stumps. Suitable for both DIY users and professional contractors, it offers excellent performance and low running costs. Powered by the Honda GX390 engine, it features durable Greenteeth® that can be rotated three times for extended use, top-quality belts that require minimal adjustment, and a heavy-duty wheel brake. With folding handlebars for easy transport, a 63cm width for fitting through gates, and a reinforced chassis, the SG30 is built for strength and reliability. It can grind stumps of any diameter, up to 56cm above ground and 33cm below ground.
