

# ***BCS 740 GX390***

***Product Code: BCS740***

## ***Suggested accessories:***

- ***BCS80RA - 80 cm rotovator attachment***
- ***BCS62SB - 62 cm stone burier cage***

*The BCS 740 is the most popular two wheel tractor and is the most versatile machine in the range with its ability to be fitted with over 25 different attachments.*

*The 740 is also fitted with a locking differential and steering brakes for complete operator control, whilst large 5.00 x 10 wheels give you the traction you need whether you are on wet mud or icy pavements.*

*The BCS 740 is the ideal machine for large smallholdings, allotment associations, contractors, councils, landscapers and estates.*

*The range of implements available combined with the power of the BCS 740 allow you to undertake tasks all year as you rotate the attachments through the seasons.*
