

## 10 LITRE PRESSURISED WATER BOTTLE

The Mexco pressurised water container provides a mobile wet cutting solution to eliminate dust build up when operating cut-off saws. With up to 3 bar working pressure there is no requirement for an external water source connection. Supplied with 4 metre hose, dust ingress prevention cover and quick connection coupling.

### KEY FEATURES

- 10 Litre Capacity
- Heavy Duty Polyethylene Casing
- Up to 3 bar Operating Pressure
- Quick Connector Supplied
- Built In Water Filter
- 4 Metre Flexi Hose
- Stable Base
- Steel Piston

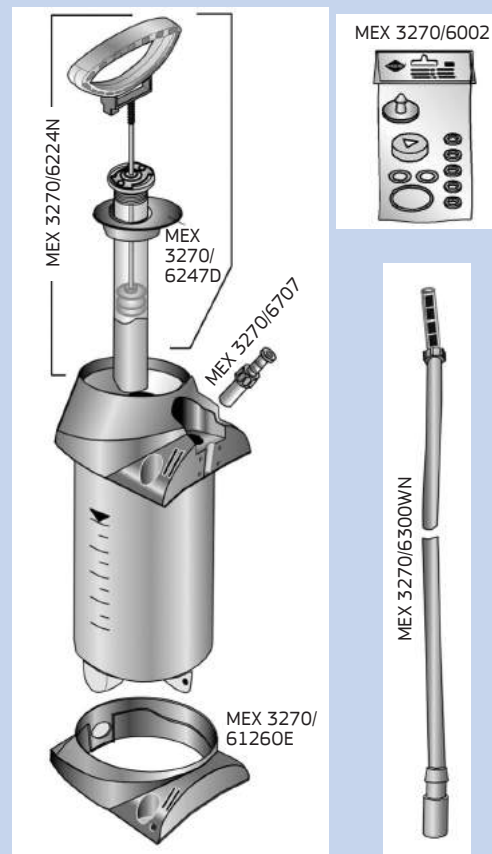

### PRODUCT OVERVIEW:

**Max filling capacity:** 10 Litres  
**Internal size:** 12.5 Litres  
**Max spraying pressure:** 3 bar

**Max operating temperature:** 40°C  
**Weight when empty:** 2.8 kg  
**Construction Material:** Polyethylene

## PRODUCT DATA SHEET

### SPARE PARTS:

Code	Description
MEX 3270/6002	Service Kit (Inc: O rings and Gaskets)
MEX 3270/61260E	Foot Ring (Black)
MEX 3270/6224N	Hand Pump Piston
MEX 3270/6247D	Funnel Cover
MEX 3270/6300WN	4 Metre Hose, Inline Filter and Coupling
MEX 3270/6707	Piston Pressure Release Cap

### SUITABLE FOR USE ON:

DISC CUTTER
